MUTUAL BENEFITS

The system reveals an opportunity for mutually beneficial outcomes. The information highlighted guides users' interaction, but does not block or disrupt access. This quality creates a 'good for you, good for me' outcome in which the user is guided and directed for mutual benefit.

'A' shows the user one option of progressing.
'A'' shows a different option with an alternate outcome.

'C' represents the context of the city.
'P' represents private area.
