

Residential Users & University Space, Figuration Diagram

Split Hours Couple:

Their working time during the weekdays are extremely different.

They will enter and leave the building from the entrance facing Lonsdale Street.
An extension can be located on that side as a balcony.

The husband or wife can watch or stay on the extensions waiting until another one comes back home.

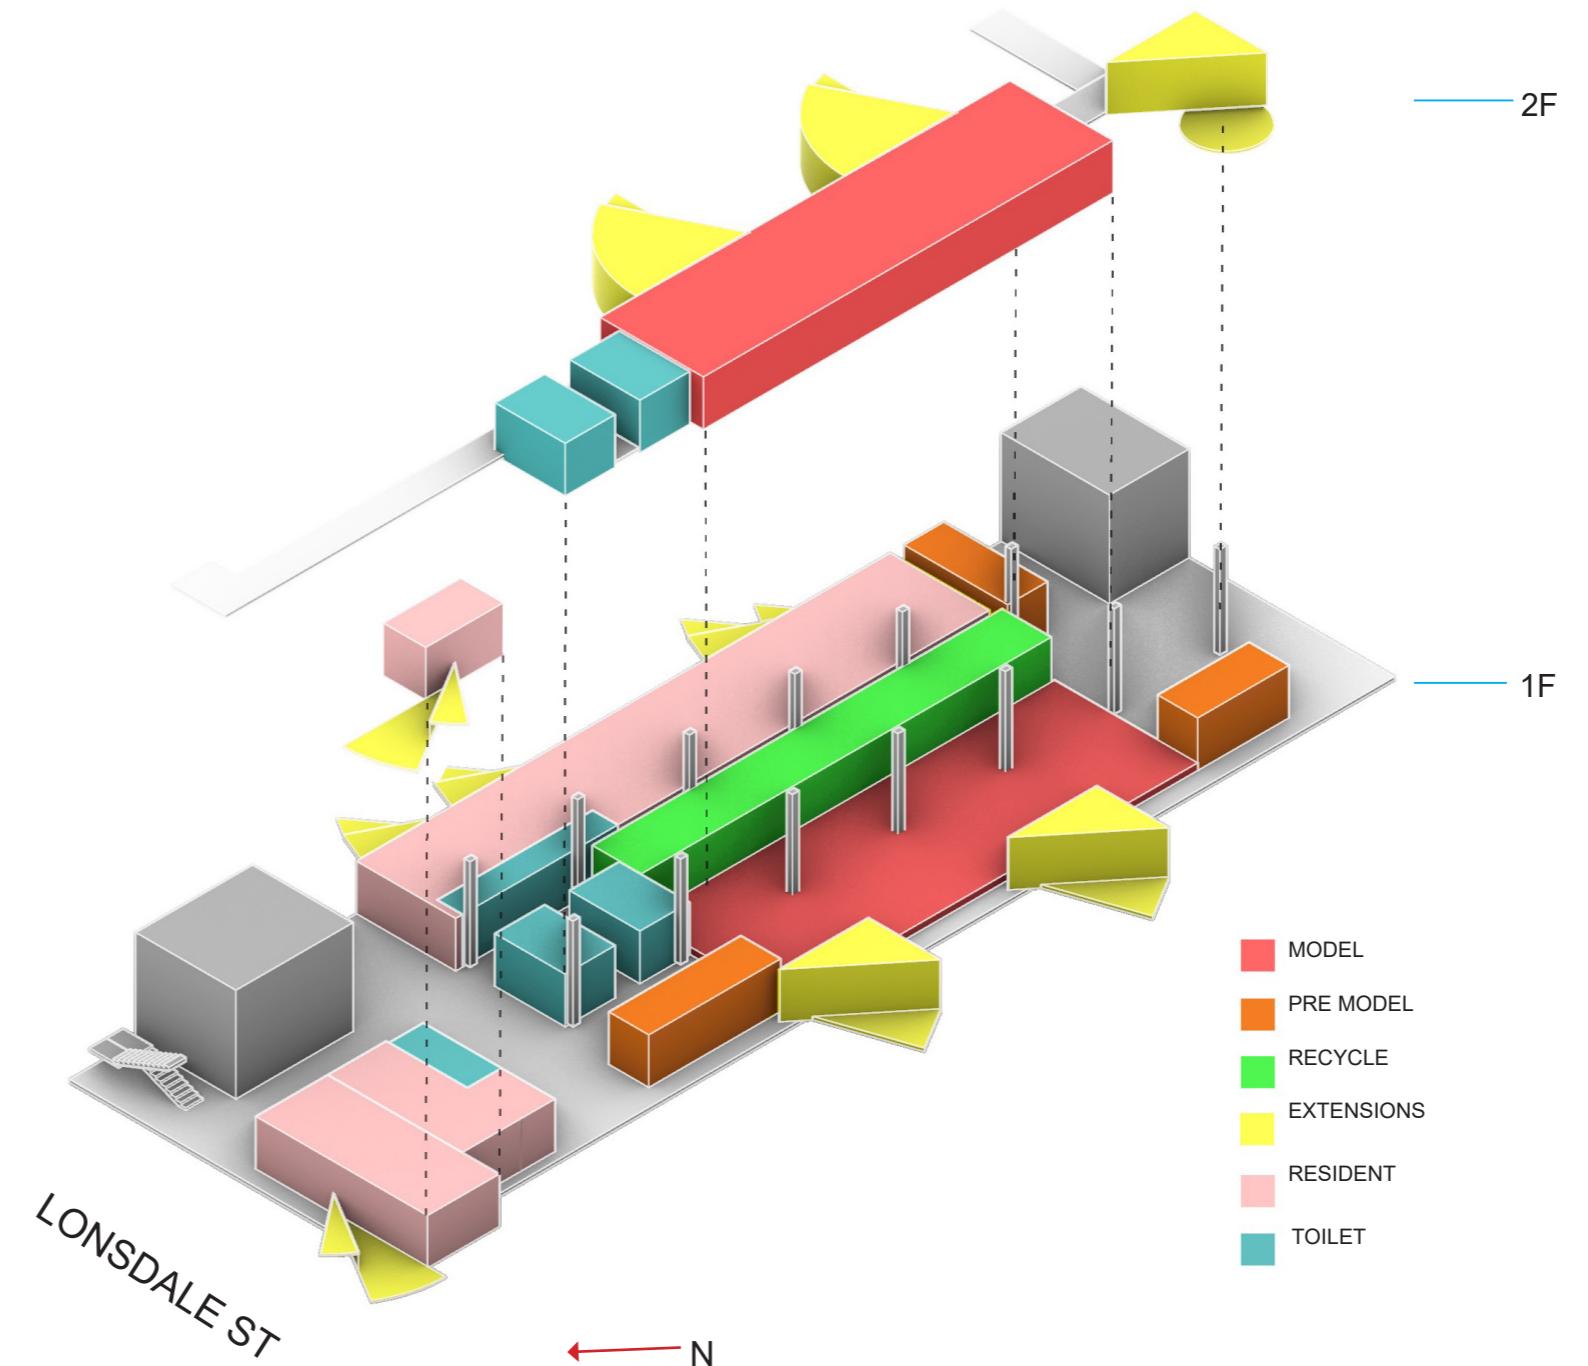

Split Family:

Includes two kids, a grandma, a carer at home during the weekdays, kids' parents will be back during the weekend. Grandma loves gardening at home.

So the two extensions can be a balcony with a garden, the smaller garden is the second extension which is more towards the North for sunlight.

Uni Space: Model Making Workshop& Recycling

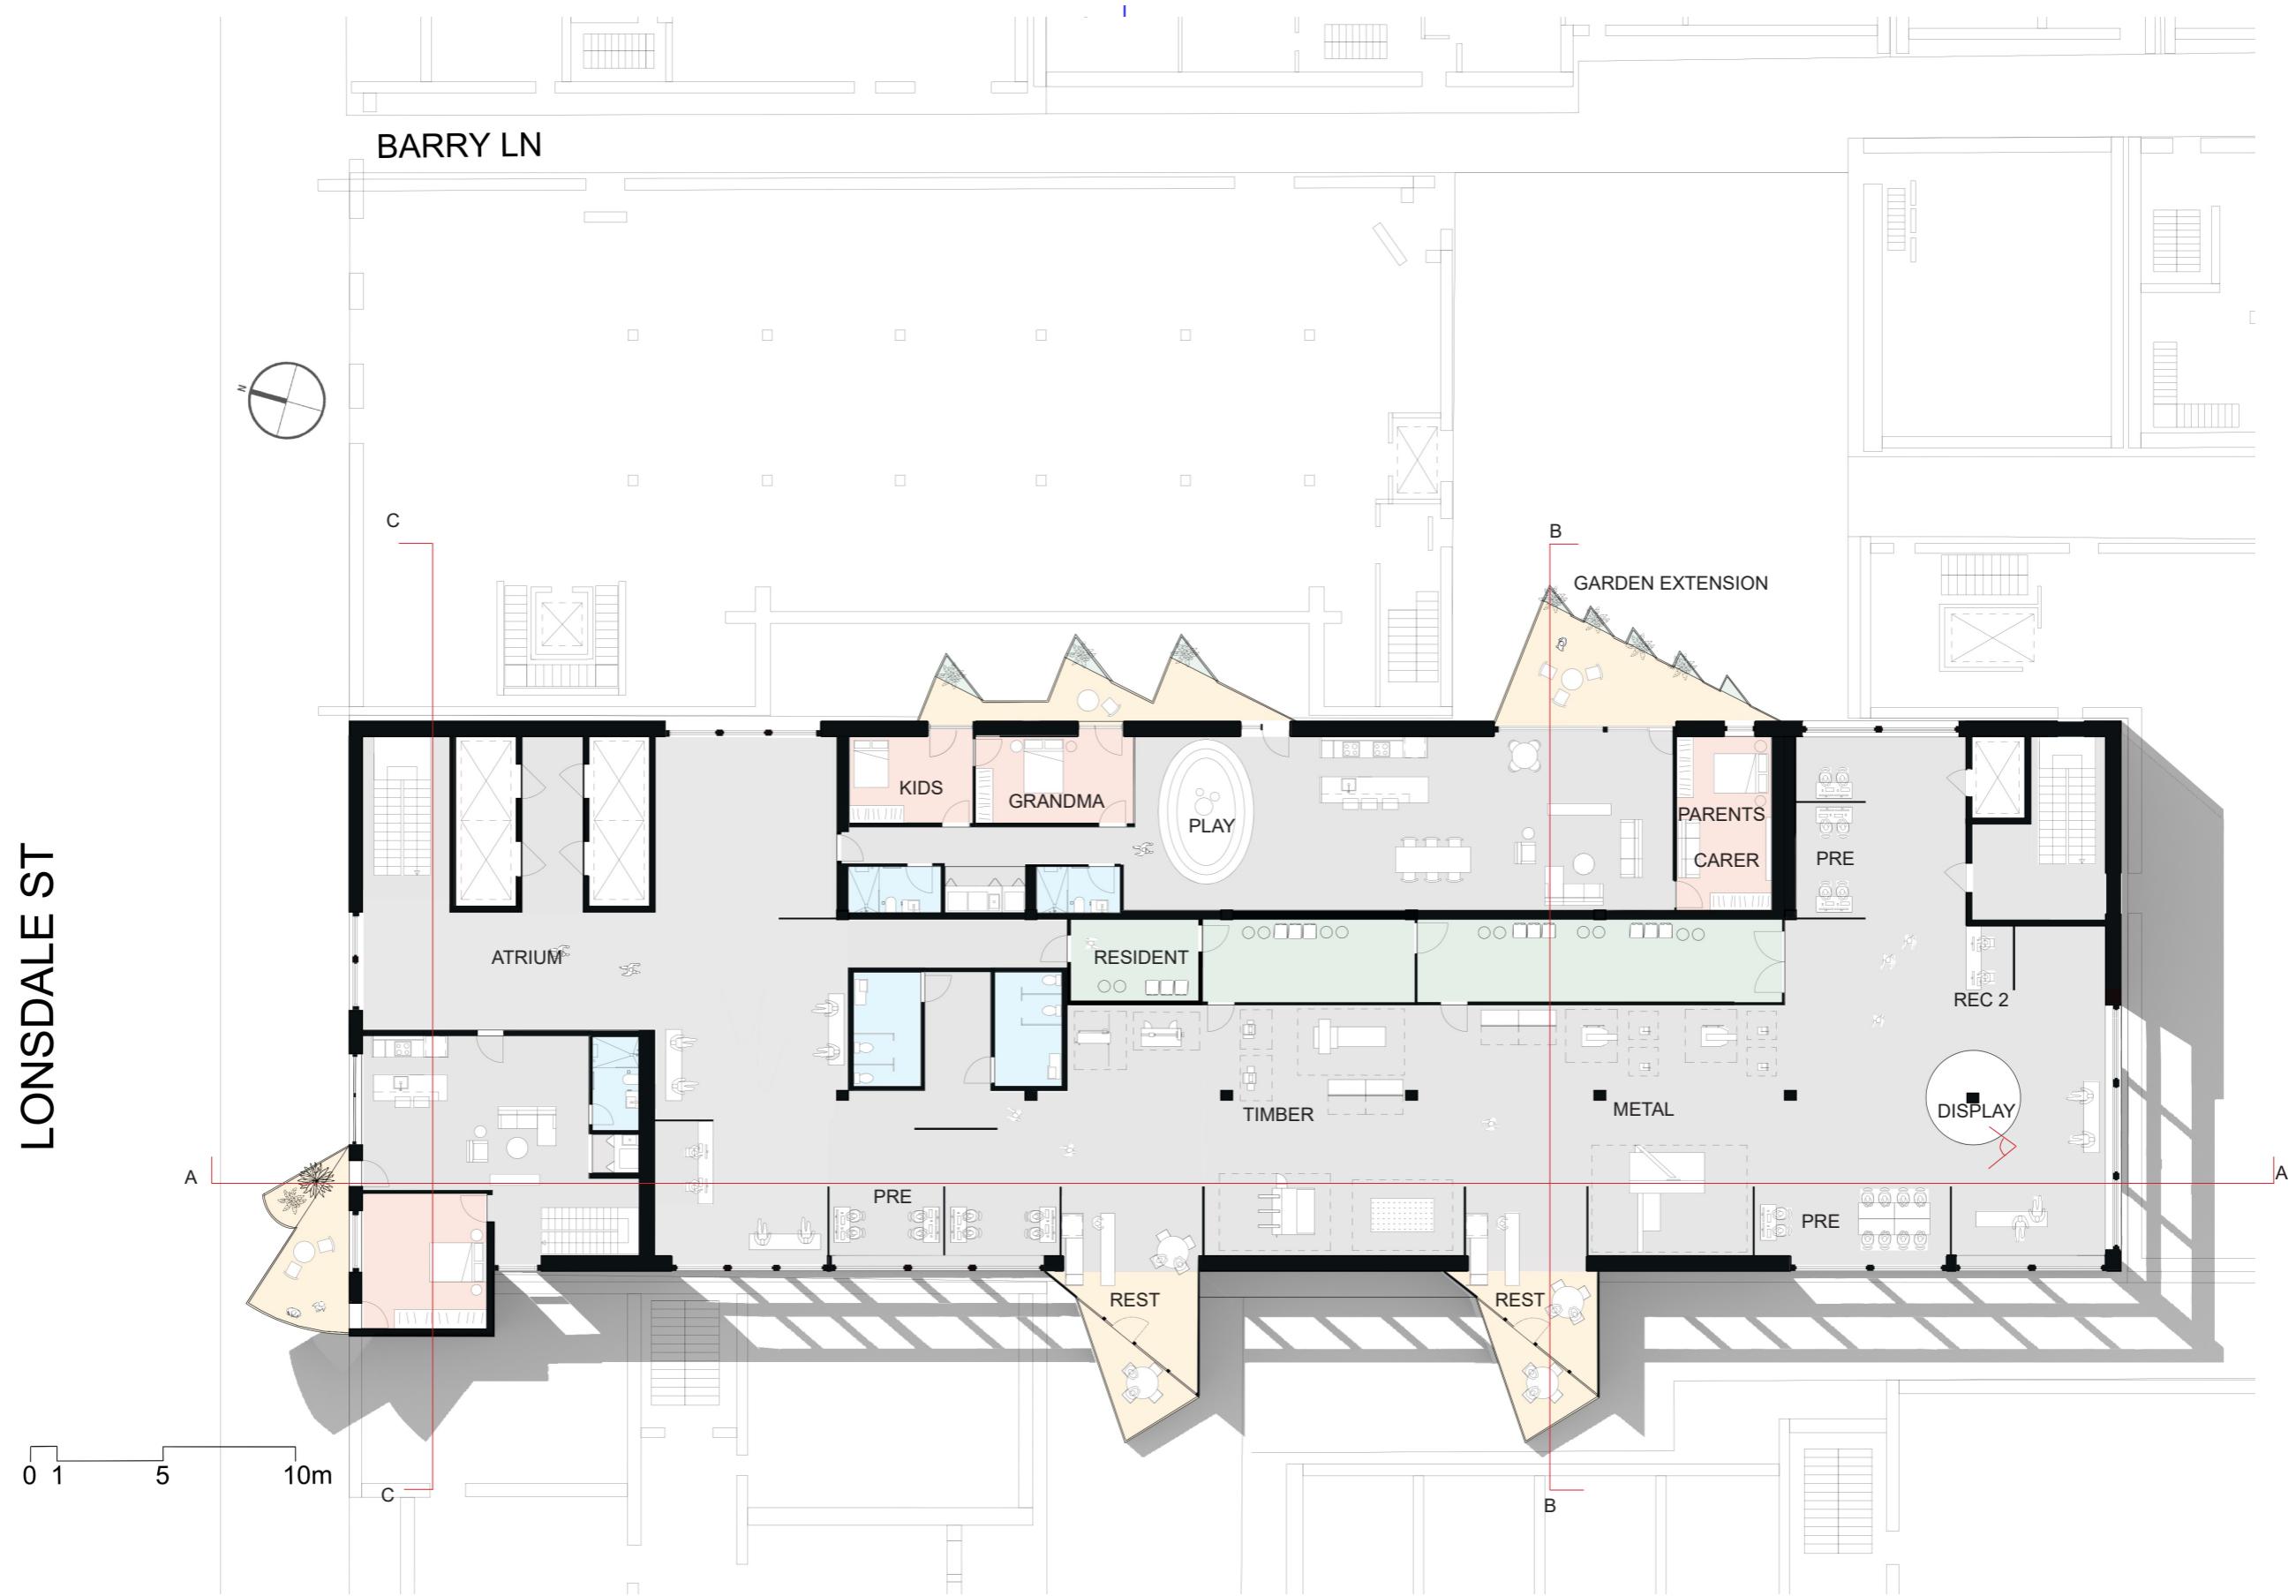

The two extensions can create separate rooms for resting or the extended workshop with a better ventilation for model painting.
